All- I am writing to notify you of my impending retirement from Phillips 66 Company – my last day in the office is Friday, 12/21. My replacement on this project will be Michael Bryan, who is housed in our Bartlesville, OK offices. I encourage you to reach out and introduce yourself and extend to him the same professional courtesy and cooperation you've shown me on this project located within Region IV/state of North Carolina/city of Wilmington.

I thank you for the opportunity to work with you at this location, and am certain you will complete the remedial actions safely and successfully after the cleanup order is negotiated/signed.

Please correct/update/fill in contact info that I've added at the bottom of the note for Mike's benefit.

Thanks!!!

Happy Holidays
